

Nicola Ibrahim

Software Engineer

Paderborn, Germany, +49 17631782527, nicolaibrahim969@gmail.com | [LinkedIn](#) | [GitHub](#)

Professional Profile

Experienced software engineer skilled in backend development, API integration, and scalable system design. Proficient in optimizing workflows and leveraging cloud infrastructure with CI/CD pipelines. Dedicated to delivering high-performance solutions that meet business needs and support sustainable system growth.

Professional Experience

02/2024 – 10/2024 **Python Developer**

Choyze GmbH | Hanover, Germany

- Engineered and deployed modular Django solutions, achieving 20% faster integration of new features while enhancing system scalability and reliability.
- Collaborated with cross-functional teams, including product managers, to effectively translate business requirements into technical solutions, reducing feature delivery timelines by 15%.
- Optimized deployment workflows by developing automated testing frameworks and CI/CD pipelines, reducing production errors and improving team efficiency by 30%.
- Enhanced frontend interfaces with Alpine.js and modern JavaScript techniques, delivering a 25% improvement in responsiveness and user experience.

05/2023 – 10/2023 **Software Engineer**

Ruhr Entrümpfer | Bochum, Germany

- Developed backend systems for booking platforms using Django, incorporating business logic and aligning with strategic goals for optimized performance.
- Designed modular architectures following SOLID principles, boosting system scalability and reducing feature integration time by 20%.
- Implemented CI/CD pipelines using GitLab, Docker, and AWS, improving deployment security and increasing system uptime by 30%.
- Collaborated closely with cross-functional teams and participated in architecture review sessions, fostering knowledge sharing and promoting technical excellence.

06/2022 – 02/2023

Backend Developer

Intenta GmbH | Hamburg, Germany

- Contributed to the design and delivery of high-performance RESTful APIs, enhancing service reliability and increasing customer engagement by 30%.
- Worked cross-functionally to ensure technical implementations aligned with organizational goals, enhancing overall process efficiency.
- Optimized ORM queries, significantly improving database performance and ensuring scalability for a growing user base.

Education

09/2023 – present

Master of Science in Computer Engineering

Paderborn University | Paderborn, Germany

09/2014 – 09/2019

Bachelor of Science in Computer Engineering and Automatic Control

Tishreen University | Latakia, Syria

Skills

Technical Skills:

- **Languages:** Python, JavaScript, HTML, CSS.
- **Frameworks & Libraries:** Django, FastAPI, RESTful APIs, AlpineJS, Tailwind CSS.
- **Software Architecture:** Domain-Driven Design, Clean Architecture, Design Patterns, SOLID Principles, DRY.
- **Cloud & Containers:** AWS, Azure, Docker, Docker Compose.
- **Version Control:** Git, GitLab, GitHub.
- **Databases:** SQL, PostgreSQL, ORM.
- **Testing:** PyTest, Unit & Integration Testing.
- **Agile & Tools:** Agile (Scrum, Kanban), Jira.
- **DevOps & CI/CD:** GitHub Actions, GitLab CI/CD.

Soft Skills:

- Collaborative team player with strong analytical problem-solving skills.
- Proactive in adopting new technologies and improving existing systems.
- Clear communicator of technical concepts to non-technical stakeholders.

Languages

- Arabic: Mother tongue
- English: C1
- German: A2
